

*"A School Where Educating Is Our Number One Goal"*

# NEW LIFE ACADEMY OF EXCELLENCE

## NEGATIVE LUNCH BALANCE ALTERNATE MEAL POLICY

Effective Monday February 25, 2019, students who have a **negative lunch account balance of -\$7.50** or more will begin receiving an alternate meal of the following: Veggie Straw Chips or Granola bar and a bottle of water. As a self-sustaining program, the School Nutrition Program, can not maintain high levels of service by providing free meals to ineligible students of the federally funded program on a daily basis. If you feel that you may qualify for the Free/Reduced Lunch Program based on a recent change or you have never filled out the form, please visit the school or download the Lunch Program Application from the school website. We encourage parents/guardians to keep your child's lunch account with a positive balance to ensure that your child is receiving a full nutritious meal daily.
