WHAT'S GOING ON?

We will be going on our last field trip to the **Atlanta Zoo** on **March 6th**. It is important students arrive to school by 7:45 am. We will be boarding the buses at **8 am promptly**. Students should wear their school uniform shirt with jeans and sneakers. They will be carrying their lunch during the field trip, so it is recommended that they bring a brown paper bag lunch to be thrown away. Students should **not** bring any electronics on this field trip.

We'll Be So Busy!

Math - Students will continue to convert, estimate, and solve measurement problems. Students will practice how to apply the perimeter formulas for rectangles in real world and mathematical problems.

Social Studies - Students will explain how the inventions of the Industrial Revolution affected the westward expansion, and learn about the pony express. On Friday, they will take the Westward Expansion Test. Students should review their study guide nightly and go on the Westward Expansion Blendspace.

Reading/Writing - Students will continue writing persuasive essays and find context clues in a passage.

Science - Students will learn that reflection of light is when light bounces off an object towards the light source. Refraction of light is when the light bends as it passes through an object. The light test will be on March 9th, 2018.
