

# WELCOME BACK TO SCHOOL!

## 4<sup>th</sup> Grade Newsletter

August 13-17, 2018

New Life Academy of  
Excellence  
Where Educating is Our  
Number One Goal

### Reminders:

- Keep those **box tops** and/or **soup labels** coming!
- Please make sure that your child is **picked up by 3:30** everyday. (We are getting more efficient with our carpool! Thanks for all of your patience!)
- Please join Remind by texting to 81010 and text the following message: @9f87f8
- If you have not already joined Class Dojo, then please do so. Students should have received in their agenda the directions on how to join.

### Happy August Birthdays!

9<sup>th</sup> - Scarlett  
13<sup>th</sup> - Ms. Nguyen  
24<sup>th</sup> - Dylan  
28<sup>th</sup> - Aiden

### Curriculum Night

We've already learned so much in the beginning of the year and we are so excited to see us continually progress for the rest of the year! Curriculum Night this year is August 21. We will be sharing important information about the class website, Remind, Class Dojo, and how to access digital textbooks and curriculum online. We would love for you to join us!

### We'll Be So Busy!

**Math** - We will learn how to read and write multi-digit whole numbers using base ten numerals, number names, and expanded form. Also, students will use a number line and place value chart to compare two or more multi-digit numbers.

**Social Studies** - We will learn about the 5 themes of geography, 5 regions of the United States, and how to determine a location based on its longitude and latitude.

**Language Arts** - We will continue to practice the routines and procedure for reader's workshop. Students will also increase their reading stamina. It is important that students bring a chapter book to read in class daily. In writing, students will learn to create "seeds" in notebooks, reflect on seeds, and write ideas from life experiences.

**Science** - We will learn how changes to an environment can affect whether certain organisms can survive in that ecosystem. Environmental changes such as floods, droughts, or fires will cause some organisms to perish or move while permitting others to thrive.

### Important Dates:

**Aug 13** – ELA District Assessment Pretest

**Aug 14** – Math District Assessment Pretest

**Aug 15** – Science District Assessment Pretest

**Aug 15** – PE SPG Pretest
