WHAT'S GOING ON?

Welcome back to school!

We are hitting the gas in full gear and ready to get back in the swing of the new semester! We are about 5 months away from being 5th graders! This means the expectations that students set for themselves should be higher than ever!

We're looking forward to all of our successes in 2019!

We'll Be So Busy!

Math - Students will review how to use logical reasoning to solve problems related to fractions. Also, students will explore using place value charts and grids to model decimals.

Social Studies - We will begin our unit on the Western Expansion.

Language Arts - We will continue to practice testing strategies answering questions from the Georgia Milestones Study Guide and Assessment Guide, compare texts on the same content, and answer comprehension questions from leveled texts. In writing, students will write an opinion essay providing reasons and examples/evidence.

Science - We will continue to talk about technology and astronomy. Then, we will begin to talk about stars and star patterns.

Important Dates:

* Test dates are tentative and may change *
