Where Educating is Our
Number One Goal

4th Grade Newsletter

February 4 - 8, 2019

Reminders:

- Please make sure that your child is **picked up by 3:30** everyday.
- Please have your child **read for at least 30 minutes** every day!
- Pizza Hut Book has begun, so students can earn a free individualized pizza if they complete their reading log indicating that they have read for the entire month of February.

Please Support the 4th Grade Fundraiser!

We are selling mechanical pencils for \$1. Also, for the month of February, we will be selling ring pops for \$1. Any donations would be appreciated greatly!

The proceeds directly benefit our trip to the High Museum of Art field trip in March.

WHAT'S GOING ON?

Ms. Nguyen and Mrs. Hyon's students participating in the Chinese New Year presentation should be practicing their part for the Chinese New Year Program that is scheduled for February 7th.

Mrs. Baker's students participating in the Black History presentation should be practicing their part of the presentation for the Black History Program that is scheduled for February 28th.

We'll Be So Busy!

Math - Students will learn how to use the four operations to solve word problems involving distances, intervals of time, liquid volumes, and money including problems involving simple fractions or decimals, and problems that require expressing measurements given in a larger unit in terms of a smaller unit.

Social Studies - Students will review concepts from Westward Expansion to prepare for the test on Friday, February 8.

Language Arts - In reading, students will analyze information presented visually, orally, or quantitatively and explain how the information contributes to an understanding of the text in which it appears. In grammar, students will practice identifying and writing complex sentences. On their quiz, they will identify the subordinating conjunction in the given sentence. In writing, students will continue to work on their body paragraphs of the opinion essay.

Science - Students will begin a new unit on Light. Students will learn that transparent objects let light pass through without forming a shadow. Translucent objects let only some light through and create a light shadow. Opaque objects do not let any light through and form a dark shadow.
