

What's the Difference Between Goods and Services?

Goods

Things we can buy or use.

Services

Jobs that allow people to

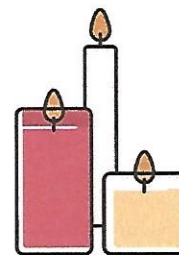

help others.

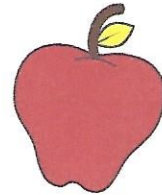

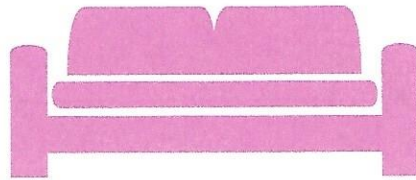

Goods and Services

People can spend their money on BOTH goods and services. People can have jobs making goods or providing a service to others.

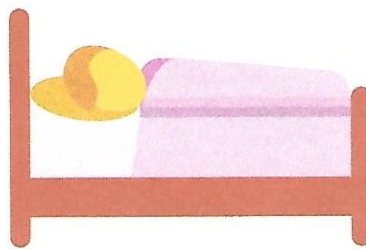

For example: Being a bus driver
OR selling candles

Goods and Services

When you buy items like groceries, clothing, or furniture, you are buying goods that the store provides.

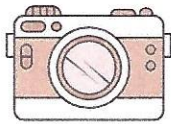

Goods and Services

When you have a toothache or need a check-up, you go to the dentist. They are providing a service to you by checking and looking after your teeth.

What's the Difference Between Goods and Services?

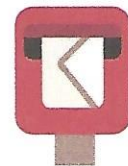

Goods

Things we can buy or use. More examples of goods are: electronics, home decor, pet food, make-up, and sports equipment.

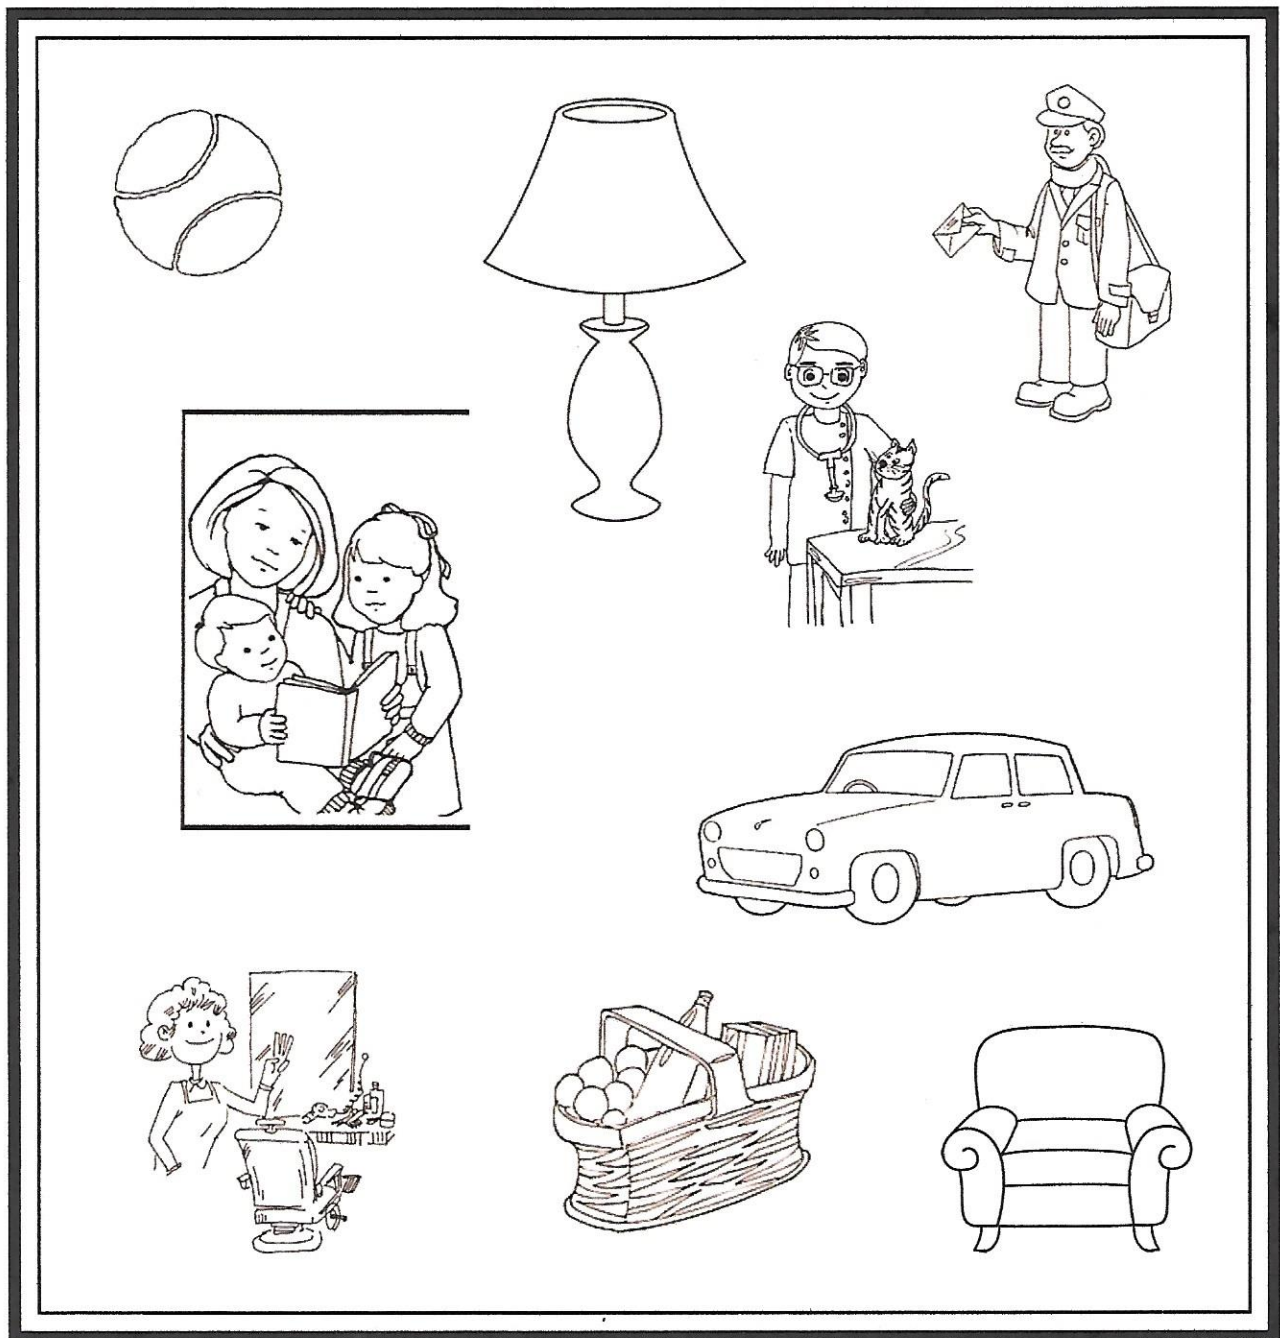

Services

Jobs that people do to help others. Jobs that provide services are, veterinarians, doctors, teachers, mail carriers, and hair salons.

Draw a circle around all items that are goods. Make a box around all the people providing a service.

Read each word and determine whether it is a good or service.

Shampoo	good	service.
Yoga Mat	good	service.
Babysitter	good	service.
